Pencil turns to Paint

Pull Hang Tab "from front"  
to Slide Out Drawer

  
**FABER-CASTELL**  
since 1761

- Pencil turns to Paint.  
With the touch of a wet brush, rich water soluble pencil colours dissolve into brilliant water colours.

- Colours blend beautifully, with brush and water to create unlimited shades.  
For best results use watercolour or heavy grade papers.

- Thick leads are specially SV bonded to help prevent breakage.
- Clean and easy sharpening is guaranteed when you choose Faber-Castell sharpeners

*Caution: Please avoid dipping watercolour pencils in water. For best performance, store pencils in a cool and dry area.*
