General Safeguards

- Place your comb binder on a stable surface.
- Use the machine only for its intended purpose of punching and binding paper and document covers according to the indicated specifications.
- Always test the machine with some scrap paper before punching the final document.
- Take care that there are no staples or such like in the documents to be bound.
- Empty the waste tray regularly.
- Lift the machine from the bottom, not the cover or the handle.
- Unauthorized maintenance is not allowed.
